Do not wait to settle with your insurance company before applying for an SBA disaster loan. If you do not know how much of your loss will be covered by insurance or other sources, SBA can make a low-interest disaster loan for the total loss up to its loan limits, provided you agree to use insurance proceeds to reduce or repay the loan.

With the changes to FEMA's Sequence of Delivery, survivors are now encouraged to simultaneously apply for FEMA grants and the SBA low-interest disaster loan assistance to fully recover. FEMA grants are intended to cover necessary expenses and serious needs not paid by insurance or other sources. The SBA disaster loan program is designed for your long-term recovery, to make you whole and get you back to your pre-disaster condition. Do not wait on the decision for a FEMA grant; apply online and receive additional disaster assistance information at [sba.gov/disaster](https://sba.gov/disaster).

Applicants may also call the SBA's Customer Service Center at (800) 659-2955 or send an email to [disastercustomerservice@sba.gov](mailto:disastercustomerservice@sba.gov) for more information on SBA disaster assistance. For people who are deaf, hard of hearing, or have a speech disability, please dial 7-1-1 to access telecommunications relay services.

The filing deadline to return applications for physical property damage is **Dec. 2, 2024**. The deadline to return economic injury applications is **July 1, 2025**.
